## Other Senators to contact

McCain is especially good to contact to:

thank him for his previous vote,

tell him that Arizona stands to lose \$1.6 billion in federal funding by 2026,

mention 1 million Arizonans with pre-existing conditions that would be hurt by this bill,

the 78,000 Arizonans relying on the ACA for treatment for opioid abuse care would be in jeopardy,

– and he has called for “return to regular order”: we don’t know how many people will lose their coverage because the CBO hasn’t had time to fully review the bill.

## DACA

### S 1615 & HR 3591

The U.S. House and Senate have reintroduced the DREAM Act, legislation that has previously enjoyed overwhelming bipartisan support. Ask our senators to co-sponsor S 1615, a bipartisan Senate bill to make DACA rights secure, and call your Representatives to ask that they cosponsor HR 3591, the bipartisan House companion bill.

DACA program is "relief from deportation to individuals who came to the U.S. as children, if they met a number of requirements (like background checks)." According to: [www.indivisibleguide.com/](http://www.indivisibleguide.com/).

Ask your Rep. to cosponsor HR 3591: <https://goo.gl/sgha6D>.

Also this bill, which essentially bars ICE and other agencies from using the DACA database for mass deportation purposes and permits access to the information only in circumstances of national security or a criminal investigation not related to immigration: HR 3695:

## Canvassing for Manka Dhingra

Beginner's guide to canvassing: <https://goo.gl/6iWHjY>.

There is canvassing in Redmond every Saturday and Sunday at 10 and 1. Each shift takes about 2 hours, and there is training – and you can go with a friend!

6 weeks to go until the special election.

It only takes one seat for Democrats to finally be in the majority in WA in the House, Senate and Governorship.

Millions has been spent on this campaign: <https://goo.gl/fRcAM6>.

Getting this seat would give democrats the majority and enable them to make progressive changes: making the whole west coast progressive.

Even aside from needing democrats acting locally, state seats are very important because in 2020 each state will be redistricted. This enables whoever is in the majority in the State Congress to gerrymander. Also, states can serve as incubators for policies that can then go national.

An example of this from WA is the balancing incentive program, which enables the elderly to stay in their homes. In addition to this, Federal Congresspeople generally come from those originally taking smaller roles, and we need democrats filtering up.
