

Notes from April 2nd 2020

Meeting with Katy of Rep. Kilmer's Bremerton office

2 weeks ago they all started working from home.

We want Rep Kilmer to sign the no fossil fuel pledge and green new deal

LNG – no! It is not a gateway fuel

Nancy Pelosi is putting together a commission to look at the Trump response to the corona virus. Adam Schiff is talking about doing it after the election.

CARES Act Details

100% of wages for those who lose jobs

There will be \$1200 for unemployed folks

People are not sure how to implement the bill – it seems that they are scrambling too

\$10bn for native communities, unemployment insurance, assist for costs incurred, fishermen, housing programs, and more.

When will people get the tests? There is \$16bn for PPEs and ventilators. They are working with the governor's office and local MoCs.

The CDC offered us tests, and USA didn't let us take them. Kathy says that they are delivering new quick tests to the rural areas and the south, Trump strongholds.

Undersea facility at Keyport and the port at Bremerton can make PPE and they are starting to.

Rural Hospitals

Waiting on an answer about funding there.

Are they personally distancing in Congress? Yes. Rep Kilmer has family members who are compromised.

Andrew Wheeler said they are going to suspend requirements for companies to obey the rules.
